Dear Ms. Dortch

Spectrum Bridge thanks the FCC for permitting it to move forward as a proposed TV White Space Database service provider. This letter is to reaffirm our commitment to provide solutions and services that are fully compliant with the Second Report and Order published September 23, 2010 and any updates or changes to that order that may occur over time. Specifically we agree to all four conditions Outlined in the Database Order issued on January 26<sup>th</sup> 2011.

These trials, as well as our original proposal, are a matter of public record. Spectrum Bridge believes that our solution is now compliant with the rules specified in the September 23, 2010 Second Report and Order (ET Docket 04-186) and is prepared to validate it at the commissions earliest convenience.
